EMPOWERED TO INFLUENCE

Being Salt and Light in our Workplaces and Places of Influence

The EMPOWERED TO INFLUENCE (ETI) Course will benefit every believer, but especially those who are in the workplace. This is a facilitated course that uses videos of Singaporean businessman, Ken Chua. Ken teaches on seven paradigm shifts that need to take place for every believer to become effective salt and light for God in their places of influence.

ETI can be conducted using different formats, both in-person and online.

It can be run either as:

- Eight one-hour sessions or
- Four two-hour sessions

ETI can be integrated into a church's regular home/small group meeting..

“Empowered to Influence (ETI) is a thought-provoking course that will help you think through how you apply your Christian faith to everyday life”.

- ETI Participant, UK
