

Inviting Young People to Take Part in God's Global Story

Youth KAIROS (YK) is a guided learning experience, specifically designed to help young people discover how they can be part of God's global mission.

By the end of each course we hope to see young people move toward having:

- A greater hunger and love for God
- A well-defined passion that is anchored on Biblical truth
- An understanding of God's mission and how they fit into it
- An appreciation for what people throughout mission history have done and a desire to be part of 'The Story'

It provides an overview of the biblical, historical, cultural and strategic aspects of mission study, and encourages reflection on how these might relate to everyday life.

"The Youth KAIROS course was eye-opening. It is amazing to see God's heart in mission right from the beginning. This course challenged me to gain a mission-minded attitude in the daily things I do".

- YK Participant, Singapore

FORMAT AND CONTENT:

YK is a facilitated course, ideally run over three and a half days (though the sessions can be distributed over more days), in a church youth group or campus ministry setting as part of a discipleship programme.

It comes with readings, devotions, introductions, inspiring videos, small group discussions and exciting interactive activities.
