FOR YOUTH

The Unfinished Story for Youth (TUSfY) helps form a biblical worldview that sees our participation with God on mission as both an exciting adventure and what it means to be a true follower of Jesus.

Through five sessions, this course helps young people discover how they can be part of God's Story as He writes its final chapter. Discover God's call for this generation as we explore the biblical, historical, strategic and cultural aspects of living a life on mission with God.

TUSfY uses a variety of learning methods and interactive fun activities, such as inspirational teaching videos, creative challenges, prayer for the unreached peoples and stimulating small group discussions.

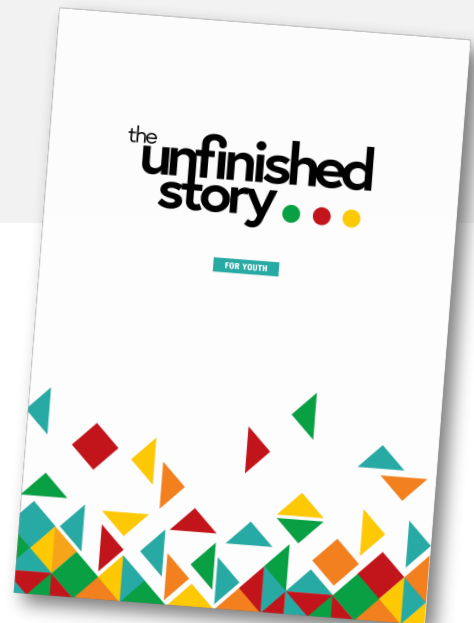

"TUSfY is an amazing, interactive, and 'filled with excitement' course, helping young people understand their part in God's world and His purpose for them in the times we are living in".
